

Bidbury & Co.

HOW TO REFIT THE
CHARLBURY HANDLE

INSTALLATION INSTRUCTIONS

INSTRUCTIONS

PLEASE READ THESE INSTRUCTIONS CAREFULLY AND KEEP IN A SAFE PLACE FOR FUTURE REFERENCE.

This will require two people to complete

ENSURE COLD SUPPLY IS TURNED OFF BEFORE REMOVING ANY PARTS.

1 Isolate water supply before starting.

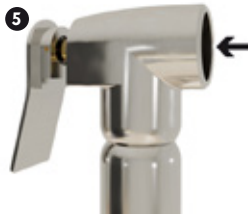

2 Unscrew and remove the spray cover and rubber seal.

3 Remove inner brass ring.

4 Take care to keep upright to ensure inner fitting do not fall out.

5 Using the end of a wooden spoon or similar, push the inner mechanism towards the lever.

6 The pin and lever can be removed to reveal the internal shaft.

7 Whilst holding in position, line up the lever and place the pin through both holes.

8 Release the internal mechanism to return back to original position.

9 Re-fit all other parts in reverse order. **NOTE:** do not over tighten the spray cover – doing this will take pressure off the pin and cause it to fall out.
